Re: Chemical Recovery Systems

Dear Ms. Sutula:

Thank you for your letter of March 25, 1986. Regarding the quantitative measurements discussed on page one thereof. I have forwarded a copy to Mr. Shagena for response inasmuch as I do not have this information at hand. To save time I am asking that Peter respond to you directly with a copy of any correspondence being forwarded to me.

I am sure my client would like to see copies of the additional test results which you discuss in your letter. Therefore, I would request that a copy of same be forwarded to me.

As to the storm sewer question you raised I really do not know anything about that. Further, I doubt that Chemical Recovery Systems would have any information either by reason of the fact that the property was conveyed to Mr. and Mrs. Obitts a long time ago. Maybe he would have some information on that.

Under separate cover I received your Motion for an extension of time and have no intention of objecting to that. Naturally, I can only speak for Chemical Recovery Systems in that regard and not for any of the other parties.

I appreciate your usual cooperation.

Very truly yours,

A handwritten signature in cursive script that reads "David C. Long".

David C. Long

DCL:mjk

cc: Mr. James Freeman
Mr. Peter Shagena
Mr. Joseph Heimbach
Mr. Jonathan T. McPhee

Dictated by Mr. Long but not proofread. Signed in his absence.
